AMERICAN TROLLEYS GREAT VICTORY OVER THE PEOPLE

Supreme Court Unanimously Declares the New Haven Railroad Must Sell Its Competing Trolley Lines Before July.

The full bench of the Supreme Court of Massachusetts to-day handed down a final and sweeping decision ordering the New York, New Haven & Hartford Railroad to sell all of its trolley roads in this State on or before July 1 next.

This decision means that the BOSTON AMERICAN'S battle to break up the New Haven's Trolley Trust in Massachusetts has been won. To-day's decision was the court's answer to the suit begun at the instance of the AMERICAN by Attorney-General Malone in 1906.

This newspaper formally requested the Attorney-General to file in the Supreme Court a petition for an order to have the New Haven's trolley holdings in Massachusetts declared illegal. The Attorney-General filed this order as requested and fought for it before the Supreme Court. The news that the battle was finally won came to-day. To the New Haven road the decision is a crushing defeat.

Must Sell Six Lines

The court holds that the New Haven road bought up these roads illegally and that it must now give up all of them.

The only appeal the New Haven had now is to the Supreme Court of the United States. It is extremely unlikely that the road can secure any order or stay from the Supreme Court before July 1, when it will be held in contempt if it has not obeyed the order of the Massachusetts Supreme Court.

The trolley roads which the New Haven must give up, according to today's order, are:

TEXT OF DECISION OF SUPREME COURT

Here is the full text of the decision handed down today by the Supreme Court of Massachusetts ordering the New Haven road to get rid of all its trolley holdings in this State on or before July 1 next.

This is an appeal from a formal decree entered by a single justice in pursuance of a writ from the full court. The decree is printed in connection with the former decision of this case in 1908 Mass. 432.

The only question upon this appeal is whether the decree properly should be affirmed. The record shows that the decree was entered on the basis of the evidence presented by the plaintiff, and that the defendant failed to establish its case.

The decree is affirmed. The New Haven road is ordered to sell all of its trolley holdings in this State on or before July 1 next.

The court further orders that the New Haven road pay the costs of the proceedings.

The court also orders that the New Haven road pay the costs of the proceedings.

FATHER SUPPLE GIVES TALK ON CATHOLICISM

NEW BEDFORD, March 2.—The story of William C. Howard's movements on the night of last September 19, when it is charged he met his wife Ida at Padanaram Bridge and murdered her, as he told it to the police after his arrest, was related on the witness stand to-day by Police Inspector Frank W. Sylvia.

This is the first time that Howard's own story of his movements on that night has been made public. In it he declares that he spent the entire evening at the Fort Rodman Reservation.

Before coming to Howard's story of his whereabouts on the night of the tragedy, Sylvia asked that Howard had made this statement when he was arrested for the murder of Edward Dewhurst in July last:

"I know my wife gave me away. She will suffer for this. I'll see sure with her some day. I'll see her and get even with her."

Howard's story to the police. After Howard's arrest, and when he reached the station house, Chief Mason said:

"Howard, you are under arrest for the murder of your wife. You are not to be released until you have given a statement to the police. You are not to be released until you have given a statement to the police."
